*The pick of things you didn't know you really needed*

By ArtReview

## Coast to coast

To support its endeavours – which include solo shows for emerging artists and a regularly changing soundwork commission for the gallery answerphone – artist-run space French Riviera has released a series of prints. Pictured is *Into the Pyramid (Test #1)* (2012), an edition of ten, by New York-based photographer Thomas Dozol, who is currently showing at the space.
